✉ gopal.x235@gmail.com 📞 (+91)8546065479 🌐 LinkedIn 🐙 GitHub 📄 LeetCode 📍 Ghaziabad, Uttar Pradesh

Education

B.Tech(AKTU), Computer Science and Engineering

sep 2025 - June 2029

ABES Engineering College

Ghaziabad, Uttar Pradesh

- Achieved an impressive SGPA of 8.48 out of 10, demonstrating my commitment to academic excellence and my ability to thrive in a challenging and competitive academic environment.

Experience

Hackathons & Competitions

- **Bharat Build 2.0 Hackathon** – Selected for the **Offline Round** at **NIT Delhi**, advancing to the next stage of the competition. **NIT Delhi**
- **Hacksenergy Hackathon** – Built an **AI-based Eye Proctoring System** for online examinations, focusing on real-time monitoring and detection of suspicious candidate activity. **IPEC**
- **Team Leader, AB Talks on AI** – Led the development of an **AI-powered Interview Agent** to simulate interview sessions and support automated interview preparation and evaluation. **Online**

Projects

AI Interview Agent | *Generative AI, React.js, Node.js, APIs*

2026

- Developed an AI-powered platform for realistic interview practice.
- Implemented role-based Technical, Behavioral, and Mixed interview modes.
- Added adaptive questioning, performance tracking, and personalized feedback.

AI-Based Eye Proctoring and Online Assessment System | *React.js, Node.js, MongoDB, MediaPipe*

2026

- Developed AI-based face, eye, liveness, voice, and multiple-face monitoring.
- Implemented tab-switch, fullscreen monitoring, and copy-paste restrictions.
- Built online coding, auto-scoring, leaderboard, and teacher dashboard.

Spotify Clone | *HTML, CSS, JavaScript, React.js*

2025

- Developed a responsive music streaming web application.
- Built interactive UI using React.js, HTML, CSS, and JavaScript.
- Implemented reusable components and responsive layouts.

Technical Skills

Languages: Java, Python, C++, SQL, Javascript, CSS, HTML

Core Concepts: Data Structures Algorithms, Object-Oriented Programming, Operating Systems, Computer Networks

Data Analytics: Microsoft Excel, SQL, Python (Pandas, NumPy), Data Cleaning, Data Visualization

Technologies: React, Node.js, Spring Boot, REST APIs, Microservices, MongoDB, Redis

DevOps/Cloud: AWS (EC2, S3, Lambda, DynamoDB), Docker, Kubernetes, Jenkins, Git, Linux

AI/ML: Scikit-learn, TensorFlow, Pandas, NumPy, Machine Learning, Generative AI, LLMs

Developer Tools: 📄 LeetCode, CodeChef, HackerRank, VS Code, Git, GitHub, Power BI, Excel, Vercel, Netlify, Supabase, Firebase

Certifications

SQL Certificate – CodeChef

June 2026 – Sep 2026

SQL Fundamentals Certification

- Practiced queries on SELECT, WHERE, LIMIT, ORDER BY, AGGREGATES, GROUP BY, JOINS, sub-queries, and CASE expressions.
- Solved over 80 SQL exercises using real-life case studies.

Achievements

- Solved over 250+ coding problems related to Data Structures and Algorithms using C++ on platforms like LeetCode, CodeChef, and HackerRank.
- Completed industry-recognized certifications and job simulations, developing practical skills through real-world technical tasks. SQL - HackerRank, Deloitte - Data Analytics , Deloitte - Cyber Job, and Commonwealth Bank - Software Engineering .
